About Me

I am a junior Full Stack Developer with fundamental knowledge of HTML, CSS, JavaScript, React, and Node.js. I am eager to quickly contribute my skills to your company and deliver high-quality code. One of my primary strengths is my ability to learn rapidly and make well-informed decisions. Thanks to my strong self-organization skills, I can effectively meet your company's deadlines. I bring a high level of soft skills, enabling me to work collaboratively in your team. I am enthusiastic about showcasing my hard skills through the successful completion of a test task.
B2 English level is my advantage. I am highly motivated to further develop my capabilities in the realm of software development and ready to embrace new challenges. I look forward to the opportunity to contribute to your projects.

Project Experience

Trello2.0 GitHub Back (React, Redux, Node.js, MongoDB)

A MERN full stack project. I implemented the full functionality of user registration and authorization, creation, editing and deletion of boards, columns and cards, drag and drop for easy card management. My work covers both front-end and back-end parts, including database interaction, security settings, and responsibility for server access.
Role: Full Stack Developer, individual project.

Filmoteka GitHub (HTML, SASS, JS, REST API, AJAX, PARCEL)

Website for film search and selection. Responsibilities: team coordination, conflict resolution, and ensuring the involvement of each developer. Personally implemented functional features: opening a modal window when clicking on a film card, making backend requests to retrieve data about individual films, and developing the logic for adding and removing films from the respective array in local storage.
Role: Team Lead, developer.

PersonalPortfolio GitHub (HTML, SASS, JS)

A developer's portfolio website. Acquired skills: creating of multipage website, responsive CSS, use of preprocessors, JS for better user experience, writing modal windows, using vector graphics.
Role: Developer, individual project.

Work Experience
